AN OLD-TIME RESIDENT LEAVES CITY

Mrs. W. H. Kinne departed Thursday for her future home in El Portal, Yosemite Valley, where she will reside with her son, H. R. Lowell, who is superintendent of the Yosemite Lumber Company. Mrs. Kinne recently sold her pretty home on Phelps street to Mr. Stark, superintendent of the Spreckels sugar refinery in San Francisco.

Mrs. Kinne, whose husband, the late W. H. Kinne, for many years the sheriff of the county, passed away several weeks ago, has been a resident of Redwood City for the past 23 years and during that time has made a host of friends here and on the peninsula who are loath to see her depart from the community in which she was very highly esteemed and admired. Mrs. Kinne always took a lively interest in all civic, social and fraternal affairs and was the leader in all things having for their object the betterment of the community. Her departure is a matter of deep regret among her wide circle of friends. Mrs. Kinne carries with her to her new home in the beautiful valley the very best wishes of the people of Redwood City for a long and happy life.

ORGAN CONCERT NEXT THURSDAY NIGHT

On next Thursday evening at 8 o'clock a concert of instrumental and vocal music will be given at Mount Carmel Church. No admission fee will be charged and no collection will be made. The purpose of the concert is to afford the members and friends of the parish an opportunity of hearing the magnificent organ recently installed, at its best. Eddie Hause, for some time organist at the Tivoli Theater in San Francisco, will be the artist feature of the evening.

The organ is the "Beethoven" organ manufactured by the Photoplayer Company. It is electrically controlled and therefore on account of its instantaneous action the very last word in organ construction.

There are eleven voice or speaking sets of stops or sets of pipes—each differing notably in character of tone produced and susceptible of combination, one with the other, giving an almost limitless variety of tone and effect.

In addition there are twelve mechanical stops, affording the performer a marvelous control over the instrument.

Some of the stops cannot be surpassed for beauty of tone by any of the world's famous organs. The church building, because of its almost unbroken ceiling-field, is a perfect housing for the organ.

Those who have heard the instrument are loud in their praise of its qualities and enthusiastically proclaim it to be the sweetest toned organ they have ever been privilegd to hear.

HIGH SCHOOL BOARD CANVASSES RETURNS

PROGRESS LUMBER CO. BUYS PLANT

This week the Progress Lumber Company purchased the United Lumber and Supply Company. The new concern is made up of E. A. White of San Francisco, president, with 24 years' experience in the milling line; Gust Manuels, 24 years' experience as an architect, draftsman and office man; John Rhoda, a general lumber man, and Eugene F. Pfaffin, the well known business man. The new company has taken over the yards and mill that have been running at Holden and Steinberger streets near the Frank Tanning Company's plant. Their motto will be service. Anything that can be made of wood, they can make it. The yards have always enjoyed a big business. The new concern contemplates developing the plant to accommodate the new business which will come with the growth of the community.

He suffered a stroke of apoplexy and in a few minutes succumbed. The remains were brought to his home at 603 Stambaugh street and the funeral took place yesterday, interment being in Union cemetery.

RUNNYMEDE RUMBLES

Mr. and Mrs. McLeod of Oakland visited the Lam and Hironymous families on Sunday. They were all old friends in Nevada.

Mr. and Mrs. S. D. Foster, former residents of Runnymede, where they owned the J. D. Hinkle property, are calling on old friends in the neighborhood. They are now living in Pasadena.

Charles Weeks has arranged with Joseph F. Greer to handle the barbecue for him both days of the fair, September 17 and 18.

John Lammiman is proud of the record of one of his 2-year-old Duarte plum trees. Lammiman canned 18 quarts of plums from it.

Anyone interested in seeing acres of red raspberries while in bearing should visit Runnymede now. There are several acres which were only planted in April which are bearing heavily and have been for the past six weeks. They do not interfere in any way with the raising of poultry and form a profitable crop for any part of the property not needed for the poultry raising.

Stubbe's poultry farm will ship by aeroplane tomorrow to the state fair, leaving the state highway near Stanford stadium, 600 White Leghorn chicks. Stubbe's poultry farm at Runnymede is getting to be some size. It ships in the spring 15,000 chicks a week. It has now in hatchery 25,000 eggs. It is a 70,000-egg hatchery.

On Thursday the University Realty Company filed a deed in the office of County Recorder T. C. Rice whereby the Felton Company transfers 34 acres with improvements at Menlo Park to Carl Mettler, a retired baker of San Francisco who has plenty of "dough." This is the last of the Felton holdings in Menlo Park. All the other parcels were sold through the University Realty Company. The 34 acres was the home of the late Senator Charles N. 'SKEETERS PUNCTURE MANY TENDER SKINS

LOCAL RESIDENTS FIGHT THE PESKY THINGS FOR SEVERAL DAYS —HIGH TIDE CAUSED OVERFLOW AND LEVEE BREAK, GIVING INSECTS BREEDING PLACE—AUTHORITIES BEGIN A WAR OF EXTIRPATION ON OLD AND YOUNG 'SKEETERS

The pesky mosquito has been playing havoc for the past two weeks with the tender skins of local residents. Joseph Dickey, superintendent of the Pulgas mosquito abatement disrict, has been working overtime with a crew to stop the inroads of the nuisance. On August 15, owing to the high tides, the levees on Bear Island broke in three places, inundating over 1200 acres of land. At once the large area became the breeding place of the mosquito. Millions were bred there during the past ten days and they swarmed out in clouds among the unsuspecting peninsula residents, making onslaughts on commuter and old timer alike.

The little insect is no respecter of persons. Like their ancestors from Missouri, they apply themselves at any point wherever convenient.

A large dredger is at work repairing the levees and Mr. Dickey has a number of men spreading oil on the breeding places so that in a short time the people will be troubled no longer with the worrisome mosquito.

SWANSON IS AWARDED DAMAGES—$9,069

Wednesday a jury in the superior court brought in a verdict in favor of the plaintiff for $9,069 in the case of Emil J. Swanson vs. Martin Bros. and the San Francisco Dairy Company. The suit was brought some time ago. The suit was the result of a collision between an automobile in which Swanson was riding and a truck with a trailer attached belonging to the defendants, on the state highway near the old Tanforan race track at 12:30 o'clock on the morning of August 6, 1920. The trailer was alleged to be without a tail light and the automobile ran into it in the darkness. Swanson received a broken nose and numerous cuts about the face which resulted in permanent scars, in addition to having his left ear almost severed. He is also subject to dizzy spells since the accident, according to the complaint.

Swanson, who sued for $26,519, was represented by Attorneys G. C. Ringold of San Francisco and Swart & Machado of Redwood City, while Ralph C. McCormick of San Jose appeared for the defendants. The jury was out an hour and 35 minutes, bringing in a verdict of $8,000 damages and $1,069 for expenses incurred.

The average merchant makes a mistake when he places a piece of merchandise in his window without the price on it. Many times people passing display windows have no idea of buying, but with a price marked on goods sales are often made, otherwise no attention is paid to goods in show windows.

A.W. Grimmenstein, electrical contractor and dealer, recently returned from a motor trip to Calaveras county, where he has a large electrical contract. Mr. Grimmenstein was accompanied on the trip by Mrs. Grimmenstein and daughter, Edith Mae.

In order to secure a little relaxation from his arduous labors in the Hightower case, District Attorney Franklin Swart sought the mountain fastnesses on Thursday in search of the fleet footed deer. Yesterday afternoon he returned with a 3-point buck weighing 150 pounds. It was the largest antlered beauty ever brought to town. Mr. Swart's many friends will enjoy venison steaks for their Sunday dinners. A local wag insists that the deer met death in a jump from a hightower.

SUPERVISORS WILL FIX TAX RATE, TUESDAY

The board of supervisors will meet on Tuesday next to fix the tax rate for the ensuing year. This will be a big task for the county law makers to accomplish, for the county is growing rapidly and every department is increasing and needs more money.

The tax rate last year was $2.55 on each $100 of assessable property outside of incorporated towns and $2.05 inside incorporated towns. The auditor's estimate was $2.1104 and the board increased the rate.

The auditor's esimate that will be given to the board Tuesday is $2.334 outside of incorporated towns. It is believed the board will not increase this rate materially.

HIGHTOWER APPEARS TO HAVE SULKY FIT

William A. Hightower, the alleged slayer of Father Heslin, was in a sulky mood yesterday. He did not arise from his couch until 10 a. m. He was in bad humor and would not speak to anyone.

Hightower will appear in the superior court on Tuesday morning next to plead to the charge of murder filed against him by the district attorney. He will be represented at that time by W. F. Herron and Albert Mansfield. The court room will no doubt be crowded on that occasion by persons anxious to see the noted prisoner.

Yesterday Peggy True Curtis, the "dream girl," as Hightower called her at Sacramento, was at the jail to see the prisoner, but was refused admission by Jailer Coleman. Mr. Montgomery, the gentleman who has interested himself in the cause of the prisoner to the extent of raising the funds to defend the accused, was also here yesterday to see his protege, but was not permitted by Coleman to see him. Mr. Montgomery felt very much hurt because he could not talk with Hightower. He brought with him a large parcel of reading matter to be given the prisoner, but it was

FLIGHT OF THE STORK TOMORROW NIGHT

Tomorrow night, Sunday, September 4, the annual Flight of the Stork takes place in Portola. From all parts of the country the members of the Family Club come for the festivities. Yesterday Eddie O'Day was in charge of the Night of Appreciation. This evening Major Horace Foster presides over the low jinks. The annual grove play was written by James Foley, the poet, and the music has been composed by George McManus. This takes place tomorrow night.

A part of the festivities will be the high mass at 10 o'clock Sunday morning in honor of Our Lady of the Wayside, the patroness of the little church built many years ago by the Family Club and in which they have never lost interest. For twelve years the music was in charge of Melville Toplitz, whose loving care made this day an event for the countryside. His untimely death has put the work in the hands of Harry Robertson, a former Redwood City boy, who offers this year Gounod's second Messe des Orpheonistes, with a double quartet —among whom will be numbered Charles Bulotti, Austin Sperry, Harry Fossi, Harold Pracht and Noel Sullivan. It is expected that the orchestra support will include such names as Attyl Pujans and Rudy Sieger.

TO FORM COMMUNITY ORCHESTRA

11 musicians residing in Redwood City or vicinity are invited and urged to attend an orchestra rehearsal to be held in the Central grammar school Monday evening, September 5, at 7:45. A plan is under way to organize a community orchestra and it is deserving of the hearty support of all music lovers. There will be no commercial objective, but such an organization could be utilized for pubganize a community orchestra and it should prove a great pleasure and opportunity to its members.

Peirce Coombes, a San Francisco attorney who resides here, formed a little home orchestra last winter, and this will be used as a nucleus to which may be added all the talent in this vicinity. Prof. George Wihr of the San Mateo High School has been retained as director. His abilities are well known and his pleasing personality makes it a pleasure to play under his baton. Father C. E. Kennedy is enthusiastic about the idea and will give his support, both as an organizer and as a musician. Prof. A. E. Montieth is taking a keen interest and it is through his kindness that the grammar school is being used for the present. Other arrangements may be made later. It is expected that the moral backing of the Chamber of Commerce may be obtained, as members interviewed informally have expressed their approval

McCORMACK COMMISSIONED

Yesterday Robert H. McCormack received his commission as special United States attorney for San Francisco, having been appointed some time ago by Attorney General Harry Daugherty at Washington. Mr. McCormack received his appointment through Senator S. M. Shortridge, whose campaign in the state last year was managed by the attorney.

The rank and file of the Republican party of the state is pleased with the selection. If all future federal appointments are as well merited as this one then the Republican party of the state will have no cause to complain. Mr. McCormack won the position by his splendid work for Mr Shortridge and the party last year. By his ceaseless efforts on behalf of Mr. Shortridge during the last campaign he contributed in no little way toward the election of the senator.

Mr. McCormack is a lawyer of much ability who will perform his new duties with credit to himself and to the government.

It is refreshing to see a man like Mr. McCormack secure a federal position solely on his merit and upon his services to his party. It is also pleasing to note that Mr. McCormack never held office before. This is the first time he has asked for any recognition at the hands of the party he has so ably and so ardently served for 35 years.

Unfortunately the political parasite is too often recognized in the distribution of political patronage. This peculiar individual believes he should always enjoy a place at the pie counter. No sooner does his party get in power than he at once begins laying wires to get back into a position he was forced to relinquish when his party lost control.

Therefore when a man like Mr. McCormack secures a place through merit every Republican rejoices and applauds the appointing power.

Mr. McCormack has the very best wishes of his many friends on the peninsula for a successful career in his new post.

THE BOND ELECTION

Sequoia Union High School district may be congratulated upon the great victory in carrying the bond election last Friday with such an overwhelming vote. There were 889 votes cast and of this number only 18 were against the bonds. This shows the splendid spirit of the people in regard to education. They knew about the overcrowded condition of the high school and were willing to be taxed to provide proper facilities for the education of the youth of the district. The trustees may now go ahead with plans for the new building which is to be a credit to San Mateo county. It is proposed to spend $300,000 in the erection of a handsome one-story structure capable of accommodating 700 students. A movement has been started to have a junior college established in this proposed building, where pupils from all parts of the county may attend. Again we congratulate the people and voters of Sequoia Union High School district for their hearty co-operation at last Friday's election.

OPPORTUNITIES IN MERCHANT MARINE

There is no more attractive life for venturesome youth than the life at sea. Moreover it is today a life that offers higher pay than can be secured on shore. The old days of weevilly biscuit, belaying-pin discipline and the stench of the fo'c'sle are gone never to return. On the oil-burning boats the below decks job is as clean as a floorwalker's in an up-to-date department store. Plenty of sightseeing, the salt tang of the air, three squares a day and feeling like a fighting cock all the time.

The Druids' Circle will give a card party in Odd Fellows' Hall on Monday evening, September 12. Good prizes will be awarded.

NAVY SECOND TO NONE

The New York Journal of Commerce, which some people believe to be to friendly to British interests, views with equanimity the vote of the British house of commons to add four new battle cruisers to its navy at a cost, it is reported, of $150,000,000. "The British government wishes it understood that it is not increasing its fleet," says the Journal. "These will simply replace out of date vessels and re-establish British naval superiority in 1925."

It would seem that the British naval authorities are quite sure that it would not be safe to suspend construction for a year, as it would put England at too much of a disadvantage.

"Posibly it would," says the Journal. "The question is rather for naval experts than for statesmen and philanthropists." And then comes this naive suggestion from the Journal: "But the United States—might we not suspend construction? Our present navy is formidable; it is second only to the British."

Isn't it nice to have such suggestions from so disinterested a friend? It is a very simple little trick for Great Britain to remove from her first navy line a few powerful vessels, demote them to the second line, and fill up their places with new units. This could be kept up indefinitely under the specious plea that Great Britain was not extending, simply keeping up to date, her navy.

But the United States will take no action toward disarmament prior to the disarmament conference and the rules which that conference may lay down. And our rule No. 1 on entering the conference should be that whatever program may be adopted, our navy shall be second to none.

DEMOCRATS HIT LIBERTY BONDS

Every man, woman or child who bought a Liberty bond and sold it at a loss will be interested in reading a statement made by E. C. McDougall, president of the state bankers' division of the American Bankers' Asosciation, concerning the manner in which the Wilson administration, through its federal reserve board, dealt with sales and purchases of bonds. Here is part of his statement:

"Through the federal reserve banks it (the government) practically forced the bankers of the country to force their customers to buy Liberty Bonds and to loan them, at fictitiously low rates, money to buy the bonds. But when the government had no more bonds to sell its pressure was withdrawn, the federal reserve banks raised the rates to the figures which should have been established at the beginning of the war and the public were compelled either to carry the bonds at a yearly loss of interest or to sell them at a serious los sof principal."

Every person who bought bonds and sold them at a loss knows what that means. The people were assured that the bonds were the best investment on earth—better than currency. But men who bought bonds that were to yield 4 1-4 per cent interest sold them at a loss of 15 per cent of the principal. Soon after the Wilson administration—perhaps it would be better to say the McAdoo administration, so far as dealings in bonds are concerned—had got the bonds into the hands of the people, the screws were twisted in such a manner as to force liquidation, with the consequent loss.

There are some shortsighted newspaper writers who think that the Republican party is in danger of losing the 1922 elections to the Democrats. They overlook the fact that no man who lost money on Liberty Bonds will ever vote for a return to Democratic rule—not in ten thousand years.

When you come right down to reason, what is there to "discount" tires—

THE next time a friend comes to you all excited about some wonderful tire bargain—ask him how much *value* he ought to get for each dollar of tire money.

It's astonishing that any car owner today should not know all the tire service he is entitled to.

Nor how to check up between the economy of par quality on one hand—and big discounts, surplus stocks, discontinued lines and retreads on the other.

* * *

For two years U. S. Tire makers have been telling the American people all about tires.

They have laid open the tire business from every angle.

They have always led the fight for better tires.

They have consistently maintained quality *first* standards with certain economy for the tire buyer.

They have established 92 Factory Branches all over the country. Perfecting U. S. distribution so that you get a *fresh, live* tire every time you buy a U. S. Tire.

* * *

So when a man once decides on U. S. Tires he knows what he is getting in quality—service—economy.

In support of his own judgment he gets the pledged word and reputation of the largest and most successful tire concern in the world.

A sound reason for the fact that you see more U. S. Tires on more cars than ever this year.

"You get a fresh, live tire every time you buy a U. S. Tire."

The U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

31 ALIENS ADMITTED TO CITIZENSHIP BY JUDGE BUCK

Before Judge Buck on Tuesday morning 31 aliens were admitted to citizenship. Before United States Attorney F. N. Littleton began his labors a nice program of patriotic exercises was rendered. The exercises were conducted by Mary E. Winter, chairman of the Americanization committee of the Federation of Women's Clubs of San Mateo county. A. E. Montieth, principal of the Redwood City grammar school, delivered a splendid address to the class about to become American citizens. He impressed on them the duties devolving on them as citizens of the great republic. He warned them to beware of chistic societies. The singing of the "Star Spangled Banner" was joined in by the assemblage.

A class of 27 students of the Sequoia Union High School, accompanied by Miss Anna Neff, was present.

TO ENFORCE GAME LAWS

Game Warden Jack Burke says that the new limit of ten abalone is not a county ordinance but a state law, and that he intenls to enforce the law. He says that abalone on the coast side are geting scarcer each year. Hereafer those violating the game and fish laws will probably be given heavy fines and jail sentences. Burke will "hook" you if you are careless in observing the laws.

STARTING BUSNIESS

A hotel proprietor at Brighton Beach, N. Y., has taken "economic law" into his own hands and reduced his food prices as much as 60 per cent, and now he announces "that it was not only a just but a highly profitable step for any restaurateur to take." Since the cut was made the volume of his business has more than doubled. It is a pity his example is not followed by other people. Increased production and smaller profits per unit would soon set the country huming and give plenty of work to those now out of employment. If we have but the will to do it, the way will follow.

MENLO PARK NEWS OF ALL SORTS

The Native Sons will give a dance in their hall this evening. All dance goers may rest assured of a good time. Splendid music has been engaged.

The Menlo Park Horticultural Society picnicked in the flat near the home of the late J. Henry Meyer last Sunday. The members and their families enjoyed the day. Games were played, racing for prizes were indulged in, tug of war and other outdoor amusements were enjoyed by the crowd. The feature of the day was the excellent refreshments served by the ladies.

At the Martha Jane Pantry Shelf, now located in the Bank building at the corner of Santa Cruz avenue and the State Highway, which is now open for business, will be found an innovation and exclusive up-to-date store with a beautiful and staple stock of jams and jellies in containers of pretty and also unique glass packages, nestled in compartment baskets, boxes and chests. The very finest of fruits and materials, pure and wholesome, appealing to the tastes of the epicure and out of the ordinary, with modern prices. See advertisement on another page.

Miss Mary Emma Flood gave a luncheon at the Flood home on Saturday for Miss Margaret Madison and Miss Anne Dibiee, prospective brides, who spent the week end as her guests. Their fiances, Wakefield Baker and Frederick Beaver, also were members of the party. The guests invited to meet Miss Madison and Miss Dibiee included Mesdames Marshall Madison, Dearborn Clark, Herman Phleger, Horace van Sicklen and the Misses Barbara Donohoe, Mary Donohoe, Lolita Adams, Helen Pierce and Amanda McNear.

Miss Louise Joulie, the pretty and charming young daughter of Mr. and Mrs. B. Joulie of University Heights, will be united in marriage at a nuptial mass in the Church of the Nativity on September 7 to O. Herbert, of Willits. Miss Joulie is an employe of the Southern Pacific Company at its big building on Market street, San Francisco. She is a winsome, prepossessing and accomplished young woman with a host of friends in this section and on the peninsula. The young couple will reside at Willits, where Mr. Herbert is engaged as an engineer.

The stork left a baby girl at the home of Mr. and Mrs. Joseph Simmons on Santa Cruz avenue on Sunday last. The little miss has been named Margaret Maria Simmons.

There was a large gathering at the home of Mrs. E. L. Eyre on Thursday evening, when a bridge party met there to enjoy an evening of cards. The proceeds of the game were applied to the fund to help keep in repair the old San Antonio Mission. A good sum was raised in this way. Mrs. Eyre demonstrated her cleverness as hostess to the big crowd.

The old Felton home, once the pride of the late Senator Charles N. Felton, was sold this week to a San Francisco baker and restaurateur. The 30 acres and improvements were sold, it is said, for $28,000. The once attractive grounds were not kept up for several years and the buildings have been allowed to go to ruin for want of care. In the heydey of his glory Senator Felton maintained the home in such a manner that it was one of the show places of the peninsula. The new owner is to develop and improve the property at once in a way that will bring it back to its pristine attractiveness.

Two imposing stone gates are soon to be erected at the front entrance to St. Patrick's Seminary on the Middlefield road. They will cost about $3,000. Plans are being prepared and work on them will start shortly.

The old shooting gallery in the J. H. O'Keefe block was rented yesterday to two automobile painters residing on Santa Cruz avenue. After some repairs on the building they will be prepared to handle all work entrusted to them.

In a letter to friends received here yesterday Miss Ruth Tompson of Coblenz, Germany, announces her engagement to Capt. Milton Halsey of the American army of occupation at Coblenz. Miss Ruth Tompson, a pretty school teacher, accompanied by her mother, left for Coblenz to visit Captain Tompson over a year ago. The Tompsons formerly resided at University Heights. They sold their palatial home there two years ago. The charming bride to be was teaching at South San Francisco when hse decided to visit her brother in Germany. Captain Halsey is a West Point graduate and is said to be wealthy, owning a large sugar plantation in Georgia. The gallant captain served with distinction in the American army during the war. The couple will be married in October and soon after will leave Coblenz for America. They will make their home on the peninsula.
